

## INTERSTATE INSURANCE PRODUCT REGULATION COMMISSION (Insurance Compact)

### Insurance Compact Webinars for Regulators: Announcing Fall Sessions

As announced during the August in-person Compact Meeting, this fall, the Insurance Compact Office is pleased to offer a series of webinars designed for all staff in Compacting State insurance departments. This series will cover a variety of topics for any Compact state regulator who may be interested in learning more about various aspects of the Compact. These sessions are highly recommended for senior staff, life & health rate and form staff; and other department staff working with annuities, life, long-term care or disability income products, or with companies and consumers with these products.

The webinars will have both an audio and a visual component. Each webinar session is offered twice, with each offering scheduled to last 60 minutes, including time for Q&A. **If you or anyone else in your department are interested in participating in any of the upcoming webinars, please email [Comments@insurancecompact.org](mailto:Comments@insurancecompact.org) and indicate which session(s) you would like to attend.** We will provide access information to the attendees registered for each webinar.
