1. Date Adopted: November 16, 2024
2. Purpose and Scope: These standards are intended to apply to paper or electronic group disability income insurance policies and certificates that are issued to employer groups and non-employer groups, as described herein, provided the groups are authorized under the laws of the jurisdiction where the policy is delivered or issued for delivery. The policies provide benefits to eligible *Covered Persons*.

Separate additional standards will apply to business overhead expense benefits, and insurance companies may provide these as part of a group disability income insurance policy and certificate, or the benefits may be provided under a separate group business overhead expense policy and certificate. Consult the Interstate Insurance Product Regulation Commission website to determine when these additional standards are being developed and available for filing.

With respect to non-employer groups, approval of a group policy and certificate by the Commission shall not be deemed as approval to use or issue the product to a non-employer group. A non-employer group must be approved or permitted by the Compacting State as required under the applicable state laws and procedures before a product filing approved by the Commission pursuant to the applicable group Uniform Standards may be issued to a non-employer group.

3. Rules Repealed, Amended or Suspended by the Rule: This rule amends the Group Disability Income Insurance Policy and Certificate Uniform Standards originally adopted by the Interstate Insurance Product Regulation Commission (“IIPRC”) on February 24, 2016. The amendments apply only to new filings received after the effective date of the amendments. It is not necessary to resubmit previously approved forms to comply with these amendments, or to suspend use of previously approved forms that do not comply with these amendments. See the Transmittal Memo under the Standards History on the Record for a more detailed description of the amendments.
4. Statutory Authority: Among the primary purposes and powers of the Interstate Insurance Product Regulation Commission (“IIPRC”) is to establish reasonable uniform standards for insurance products covered under the Interstate Insurance Product Regulation Compact (“Compact”), specifically pursuant to Article I §2, Article IV § 2 and Article VII § 1 of the Compact, as enacted into law by each IIPRC member state.

GROUP DISABILITY INCOME INSURANCE POLICY AND CERTIFICATE UNIFORM STANDARDS

Scope: These standards are intended to apply to paper or electronic group disability income insurance policies and certificates that are issued to employer groups and non-employer groups, as described herein, provided the groups are authorized under the laws of the jurisdiction where the policy is delivered or issued for delivery. The policies provide benefits to eligible *Covered Persons*.

With respect to non-employer groups, approval of a group policy and certificate by the Commission shall not be deemed as approval to use or issue the product to a non-employer group. A non-employer group must be approved or permitted by the Compacting State as required under the applicable state laws and procedures before a product filing approved by the Commission pursuant to the applicable group Uniform Standards may be issued to a non-employer group.

Separate additional standards will apply to business overhead expense benefits, and insurance companies may provide these as part of a group disability income insurance policy and certificate, or the benefits may be provided under a separate group business overhead expense policy and certificate.

As used in these standards, “Disability Income” means group coverage that provides periodic income if a *Covered Person* becomes *Disabled*.

Combination policies for IIPRC-approved group life, group disability income and group long term care insurance may be filed with the Interstate Insurance Product Regulation Commission as soon as the standards for these products are available for filing with the Interstate Insurance Product Regulation Commission.

Mix and Match: These standards are not available to be used in combination with State Product Components as described in Section 111(b) of the Operating Procedure for the Filing and Approval of Product Filings, except that these standards are available to be used in combination with state-approved group life insurance policies and annuity contracts, provided that the disability income rider and all the components associated with the disability income rider, e.g. application and rates, are filed and approved in accordance with the applicable uniform standards.

Self-Certification: Group disability income insurance policy and certificates filed under these standards are not available to be filed using the Rule for the Self-Certification of Product Components Filed with the Interstate Insurance Product Regulation Commission.

As used in these standards the following definitions apply:

“Application” means any form used by a *Policyholder* to apply for a group disability income insurance policy. The application shall be filed for approval.

“Certificate” means the document which describes a *Covered Person’s* benefits and rights under the policy, and which includes any riders, endorsements or amendments, notices or other attachments to the certificate.

- a) An employer, or the trustees of a fund established by an employer, which shall be deemed to be the Policyholder to insure employees of the employer, and if applicable their dependents, for the benefit of persons other than the employer and must be authorized under the laws of the jurisdiction where the policy or certificate is delivered or issued for delivery;

Drafting Note: The laws in the Compacting State where the policy or certificate is delivered or issued for delivery apply to whether the groups defined above are authorized to operate in the Compacting State. By categorizing these groups as “Employer Groups” for purposes of this Operating Procedure and Uniform Standards, the definitions in this Section do not create or alter statutory definitions for these groups where none existing in the laws of the Compacting State where the policy or certificate is delivered or issued. for delivery.

“Non-Employer Group” for purposes of this Uniform Standards is defined to include group types that do not fall under the Employer Group definition provided that, in the exclusive determination of the State.

- a) The eligibility and qualification for the group type is permitted under the laws of the state where the policy or certificate are delivered or issued for delivery.
- b) The group shall not be formed solely for the purpose of providing or obtaining insurance.
- c) The group has a substantive commonality of interests and purpose apart from, and independent of, providing or obtain insurance with the Policyholder interests aligning more closely with the Certificateholder than with the interests of the insurance company.
- d) The term Non-Employer Group does not include creditor groups which are outside the scope of this Uniform Standard.

“Policy” means the group disability income insurance policy issued to the *Policyholder* that includes any riders, endorsements or amendments, notices or other attachments to the policy.

“*Policyholder*” means the entity to whom the policy is issued.

“Signed or Signature” means any symbol or method executed or adopted by a person with the present intention to authenticate a record, and which is on or transmitted by paper, electronic or telephonic media, and which is consistent with applicable law.

“Written or Writing” means a record which is on or transmitted by paper, electronic or telephonic media, and which is consistent with applicable law.

Drafting Note: Other terms may be used in the policy and certificate provided that they are used consistently.

§ 1. ADDITIONAL SUBMISSION REQUIREMENTS

A. GENERAL

The following additional filing submission requirements shall apply:

- (1) For new filings, the filing shall indicate the respective policy, *Policyholder* application, certificate, statement of insurability, as applicable, that will be used with the form(s) being filed.

- (3) Variability may not be used unilaterally by the insurance company to change or modify in-force group coverage if such change or modification would have the effect of increasing premiums or decreasing benefits, unless the policy reserves the right of the *Policyholder* or the insurance company to effect such change or modification under the terms of the group coverage, or unless such change or modification is required by state or federal law.

Any change to a range requires a re-filing for prior approval.

- (e) If applicable, the certificate shall define the terms "Skilled Nursing Home," "*Rehabilitation Facility*," "Home Health Care" and "Hospice Care" in relation to the level of skill required, the nature of the care and the setting in which care shall be given;

- (22) “**Elimination Period**” means, subject to satisfaction of all certificate terms and conditions by a *Covered Person*, the period of time following the onset of *Disability* for which no benefits are payable under the certificate. This period of time will be specified in the certificate. The *Elimination Period* for a long term *Disability* benefits plan may be integrated with the *Benefit Period* of the short term *Disability* benefits plan. For all plans, the *Elimination Period* may be integrated with the period of paid time off, including but not limited to, salary continuation or sick leave available to the *Covered Person*, but shall not require use of accumulated vacation leave. If the APA no longer publishes a diagnostic

manual or the APA ceases to exist, the insurance company may substitute a comparable diagnostic manual subject to approval by the Interstate Insurance Product Regulation Commission before use of the comparable diagnostic manual.

Drafting Note: The insurance company shall have the ability to exclude certain DSM disorders from the definition or concept. Inclusion or exclusion of DSM disorders may expand or restrict coverage for the *Covered Person*. When inclusion or exclusion of DSM disorders restricts coverage, such restrictions shall be consistent with the Interstate Insurance Product Regulation Commission standards for the exclusions and limitations sections of the certificate.

- (36) “**Optionally Renewable**” means that the renewal is at the option of the insurance company.
- (37) “**Partial Disability**” or “**Residual Disability**” means that, due to an *Injury or Sickness*, a *Covered Person*:
 - (a) is unable to perform the *Substantial and Material Duties* of the work-related tests prescribed in the terms/concepts of *Regular Job*, *Regular Occupation*, *Regular Specialty*, or any other *Occupation* for which the *Covered Person* is qualified by reason of education, training or experience, as applicable; and
 - (b) is in fact engaged in work for wage or profit.

The certificate may require the *Covered Person* to satisfy a specified earnings loss related test, based on a percentage of the *Covered Person’s Pre-Disability Earnings* and/or a work hour related test. Such tests may be in addition to items (a) and (b) above, or may be alternatives to item (a) above.

The certificate may require the *Covered Person* to be *Totally Disabled* for a specified period of time before the *Covered Person* may be considered *Partially Disabled* or *Residually Disabled* under the terms of the certificate. The specified period of time may be less than, equal to or greater than the *Elimination Period*.

- (38) “**Physician**” means a person legally licensed to practice medicine or psychology and acting within the scope of his or her license, or a health care practitioner who is legally licensed, and is acting within the scope of his or her license, to treat an *Injury* or *Sickness* causing *Disability*. The certificate shall identify the various income sources and/or components that are to be considered *Pre-Disability Earnings*. The certificate shall also identify the date on which, or the periods of time for which, the various income sources and/or components are to be determined (such as the last day the *Covered Person* was *Actively at Work*, the end of the last full month that the *Covered Person* was *Actively at Work* before the onset of *Disability*, a *Policy Anniversary*, an average of the prior three calendar years, etc.).

Drafting Note: In the case of a particular policy, the specific components of *Pre-Disability Earnings* are negotiated between the *Policyholder* and the insurance company. An example of this term/concept that could work for many *Full-Time Employees* would be basic wages or salary as of the last day worked prior to the onset of a *Disability*, not including bonuses, overtime pay, or commissions, except that an average of commissions received during the prior full calendar year will be included. Where variable compensation such as bonuses, commissions, or overtime pay are included, it is common to calculate an average over a stated prior period of time for the purposes both of benefit calculation and *Premium* payment. For principals of a partnership or proprietorship, examples of sources which may be included would be (1) a monthly average of the amount reported as ordinary income on Schedule K-1 of IRS Partnership Return of Income Form 1065 for the prior full calendar year, (2) the *Covered Person’s* share of the business net profit and contributions to a pension and/or profit-sharing plan made by the business on behalf of the *Covered Person*, (3) gross income on the prior year’s W-2, or (4) draw or salary received during a stated period of time. Examples are limited only by the complexity of the businesses’ compensation arrangements. Items often excluded might include capital gains, dividends, interest, rent, royalties, annuities, other investment income, deferred compensation plan income or other forms of income realized from sources not requiring the *Covered Person’s* performance of actual services. Many of these need not be specifically mentioned, because the certificate will specify that it is concerned only with income from the *Policyholder*, for instance, and many of these items will not be earned or received from the *Policyholder*.

- (42) “**Preexisting Condition**” means a condition for which symptoms existed that would cause an ordinarily prudent person to seek diagnosis, care or treatment within a specified period of time (such as 1 to 12 months, but not to exceed 24 months) preceding the effective date of the coverage of a *Covered Person*, or a condition, whether diagnosed or not, for which a *Covered Person* received medical advice, consultation, diagnostic testing or treatment, or took or was prescribed drugs or medications within a specified period of time (such as 1 to 12 months, but not to exceed 24 months) preceding the effective date of the coverage of the *Covered Person*. The term “coverage of the *Covered Person*” as used in this definition or concept refers to initial coverage amounts and it may also refer to coverage increase amounts. In the case of coverage increase amounts, the time periods in this definition or concept run anew from the effective dates of the increased coverage amounts and apply anew only to the coverage increases.
- (43) “**Premium**” means the amount the *Policyholder* or *Covered Person* shall pay to the insurance company for the insurance provided under the policy as applicable with respect to *Contributory* and *Noncontributory Insurance* requirements under the policy.  - (b) Hearing;
 - (c) Sight; or
 - (d) Use of a limb.

Total and permanent loss of any one of these body functions shall be sufficient to trigger any benefits based upon *Presumptive Disability*.

Although the above benefit triggers are the predominant ones in the marketplace today, some insurance companies may provide *Presumptive Disability* benefits on the basis of other triggers, such as situations where the *Covered Person* is a risk for transmitting a contagious disease. A *Covered Person* may be capable, physically and mentally, of performing the material duties of his or her own *Occupation*, but the ability to perform these duties is restricted by a state licensing board or by another appropriate government authority because the risk of transmission of a contagious disease to others with whom the *Covered Person* may be in contact. In this situation, the *Covered Person* will be considered to have a *Presumptive Disability* in any month in which the *Covered Person* has a contagious disease and in which the restrictions stated above prevent the *Covered Person* from earning more than a stated percentage of his monthly pay as specified in the certificate, such as 80%.

As used in this section, "contagious disease" means asymptomatic but communicable conditions, Hepatitis B that is surface antigen positive, Human Immunodeficiency Virus (HIV), the multi-drug resistant Tuberculosis, and other such conditions as defined by the Centers for Disease Control and Prevention.

The satisfaction of the *Presumptive Disability* tests pre-empts any other *Disability* tests specified in the certificate. This is usually the case for a specified period of time depending on the type of loss for which the *Presumptive Disability* benefits are payable under the certificate.

- (45) "***Progressive Disease(s) or Disorder(s)***" means a non-infectious disease or disorder of indefinite duration that causes a *Covered Person* to gradually become *Disabled* as the disease or disorder becomes more severe or the symptoms of the disease or disorder become more frequent and impair the *Covered Person's* ability to perform *Substantial and Material Duties* applicable to the *Disability* benefit for which the *Covered Person* would be eligible under the certificate. If an insurance company will not cover all types of *Progressive Diseases or Disorders*, the certificate shall specify which *Progressive Diseases or Disorders* will be covered.
- (46) "***Proof of Loss***" means written evidence satisfactory to the insurance company that a *Covered Person* has satisfied the conditions and requirements for any benefit described in the certificate. The *Proof of Loss* shall establish:
- (a) The nature and extent of the loss or condition;
 - (b) The insurance company's obligation to pay the claim; and
 - (c) The claimant's right to receive payment.
- (47) "***Recurrent Disability***" means a *Disability* that occurs within a specified period of time immediately following a prior period of *Disability* and which is due to the same or related cause applicable to the prior period of *Disability*. For example, the specified period of time to be shown in the certificate for short term disability plans may be for a period up to 60 days, and for long-term disability plans for a period up to 12 months.
- (48) "***Regular Job***" means the job that a *Covered Person* was performing on the day before *Disability* begins.
- (49) "***Regular Occupation***" means the *Occupation* that a *Covered Person* was routinely performing on the day before *Disability* begins.

If the policy and certificate are delivered or issued for delivery in different states, the certificate shall, if required, comply with the applicable marriage laws, including marriage case law, of the state where the certificate is delivered or issued for delivery and, if required, with the applicable domestic partnership and civil union laws of such state, with respect to coverage available for marital relationships, domestic partnerships, or civil unions.

- (a) The term **“Spouse”** may be modified as required by applicable federal law;
- (b) The term **“Spouse”** may also be modified to include any person who is in a domestic partnership, civil union or similar relationship whether or not such relationship is legally recognized provided that an insurable interest exists;
- (c) Nothing in this definition shall be construed as requiring any insurance company to provide coverage or benefits to any person who is in a domestic partnership, civil union, or similar relationship, or marriage or to their families in a state where such relationships are not legally recognized or the providing of such coverage is not required;
- (d) For purposes of determining who may become a *Covered Person*, the term **“Spouse”** may exclude any person who:
 - (i) Is on full-time active duty in the armed forces of any country or subdivision of any country;
 - (ii) Legally resides outside the United States, its territories or possessions, or Canada; or
 - (iii) Is insured under the policy as an *Employee*; and

 - (A) If re-enrollment for *Spouse* coverage is made within 31 days of the date full-time active military duty ends, or the date the *Spouse* resumes residence in the United States, its territories or possessions, or Canada, the amount of *Spouse* coverage applied for shall be equal to the lesser of the amount that was in effect on the day before coverage ended and the then current maximum amount of *Spouse* coverage available under the plan. Such coverage will take effect as of the date of application, provided that on that date the *Spouse* is not hospitalized, confined at home under a *Physician's* care, or receiving or applying to receive disability benefits from any source. If the *Spouse* is hospitalized, confined to home under a *Physician's* care, or is receiving or applying to receive disability benefits from any source on such date, such *Spouse* coverage will take effect on the date the *Spouse* is no longer hospitalized, confined or receiving or applying for disability benefits; or

A. CLAIM PROVISIONS

The policy may or may not include the Claim provisions described below, but the certificate shall include the Claim provisions described below.

- (1) **Payment of Benefits.** A provision that the insurance company shall pay benefits at the end of each month, bi-weekly, each week or for a shorter period, as applicable, for which it is liable, after it receives the required *Proof of Loss*. If any amount for which the insurance company is liable is unpaid when *Disability* ends, the insurance company shall pay such amount when it receives the required *Proof of Loss*. The provision shall state that if a claim is paid more than 30 days after an insurance company receives the required *Proof of Loss*, the delayed payment shall be subject to simple interest at the rate of 10% per year beginning with the 31st day after receipt of satisfactory *Proof of Loss*, and ending on the day the claim is paid.

- (2) ***To Whom Payable.*** A provision that unless otherwise specified in the certificate, the insurance company shall pay all benefits to a *Covered Person*. The *Covered Person* can send the notice to the insurance company's home office, to one of its regional group claims offices, or to one of its agents. The insurance company needs enough information to identify the claimant as a *Covered Person*.
- (b) A provision that within 15 days after the date of a *Covered Person's* notice, the insurance company will send the *Covered Person* certain claim forms. The forms must be completed and sent to the insurance company's home office or to one of its regional group claims offices. The provision shall state that failure to furnish *Proof of Loss* within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity of the *Covered Person*, later than one year from the time *Proof of Loss* is otherwise required. If a claim reduction is applicable, such reduction shall

be specified in the certificate and shall not exceed 30% of the benefit amount otherwise payable.

- (b) A provision that continuing *Proof of Loss* must be given as often as the insurance company may reasonably require. The provision may state that continuing *Proof of Loss* must be given within a time period not less than 60 days from the insurance company's request. The insurance company shall not reduce any continuing claim for failure to furnish *Proof of Loss* within the time period required; however, benefit payments may be delayed until the required proof is received by the insurance company.
 - (c) A provision that a *Covered Person* must provide the insurance company with all of the information it specifies as necessary to determine *Proof of Loss* and decide its liability. This may include but is not limited to medical records, hospital records, pharmacy records, test results, therapy and office notes, mental health progress notes, medical exams and consultations, tax returns, business records, Workers' Compensation records, payroll and attendance records, job descriptions, Social Security award and denial notices, and Social Security earnings records.
 - (d) A provision that a *Covered Person* must also provide the insurance company with a written authorization allowing the sources of medical, vocational, occupational, financial, and governmental information to release documents to the insurance company which enables it to decide its liability. The provision may state that if the *Covered Person* does not provide the insurance company with continuing proof of *Disability* and the items and authorization necessary to allow it to determine its liability, the insurance company will not pay the *Disability* benefits specified in the certificate.
- (5) ***Right to Examine, Test or Interview.*** A provision that the insurance company may ask a *Covered Person* to be examined or tested as often as it requires at any time it chooses. - (6) ***Limit on Legal Action.*** A provision that no action at law or in equity may be brought to recover under the policy until at least 60 days after a *Covered Person* files *Proof of Loss*. (a) Continuity of Coverage

- i) If a person was covered under the *Prior Plan* on the day before the effective date of the policy, that person will be a *Covered Person* under the policy provided that on the policy's effective date such person is *Actively at Work* in an eligible class and meets any other eligibility requirements of the policy.
- ii) If a person was covered under the *Prior Plan* on the day before the effective date of the policy, but on the policy's effective date is not *Actively at Work* due to *Disability*, such person will not be eligible to be insured under the policy. However, such person will be covered under the policy for *Prior Plan Benefits* until the earlier of:
- A. The date the person returns to *Active Work*; or

- B. The end of any continuation or extension period under the *Prior Plan*.
 - iii) If a person was covered under the *Prior plan* on the day before the effective date of the policy, but on the policy's effective date is not *Actively at Work* due to reasons other than *Disability*, and would otherwise be eligible to become insured under the policy, such person will be covered under the policy for *Prior Plan Benefits* until the earliest of:
 - A. The date the person returns to *Active Work*;
 - B. The end of any continuation or extension period under the *Prior Plan*; or
 - C. The date coverage ends under the provisions of the policy.
 - iv) Any benefits payable under the conditions described above will be:
 - A. Paid by the insurance company as if the *Prior Plan* had remained in effect; and
 - B. Will be reduced by any benefits paid or payable by the *Prior Plan*.
- (2) The policy or certificate may include the following provisions:

(a) Credit for *Preexisting Conditions* Limitations

The benefits payable under the policy for *Disability* due to a *Preexisting Condition* are limited or excluded unless a *Covered Person* transferring from a *Prior Plan* meets certain requirements. For any *Disability* which would be limited or excluded during the time period to which a *Preexisting Condition* limitation or exclusion applies, the insurance company will credit the *Covered Person* for time periods which were met under the *Prior Plan* by providing the lesser of:

- i) The policy's benefits without the *Preexisting Conditions* provision; or
- ii) The *Prior Plan's Benefits* (applying the *Prior Plan's Preexisting Conditions* provision, if any) just as if the *Prior Plan* had remained in effect.

If the *Covered Person* is not eligible for *Prior Plan Benefits* or the policy's benefits, no benefit will be paid.

This credit will not apply to persons who were insured under individual *Disability* income insurance policies under the *Prior Plan*, unless such persons provide proof that the individual insurance policy was terminated.

(b) Credit for an *Elimination Period*

For transferred persons who become *Covered Persons* on the effective date of the policy, any time used to satisfy an *Elimination Period* under the *Prior plan* will be credited toward the satisfaction of an *Elimination Period* under the policy, if any. This credit will not apply to persons who were insured under individual *Disability* income insurance policies under the *Prior Plan*.

(c) Credit for *Recurrent Disabilities*

If a *Covered Person* received *Disability* benefits under the *Prior Plan*, and becomes *Disabled* again while insured under the policy, the definition of *Recurrent Disabilities* will be applied just as though the policy had been in effect since the date the *Covered Person* first became *Disabled*. This credit will not apply to persons who were insured under individual *Disability* income insurance policies under the *Prior Plan*.

(d) Credit for the Certificate Incontestability Period

With respect to the amount of coverage under this policy equal to the amount that was in force under a *Prior Plan*, the time insured under the *Prior Plan* for such coverage will be credited toward the incontestability period applicable to such coverage, as specified in the Certificate Incontestability Provision of the certificate.

(e) Late Enrollment

If a person was eligible for coverage under the *Prior Plan* for more than a specified number of days, such as 31 days, but did not enroll for coverage under such *Prior Plan*, and such person wants to be covered under the policy, the person must submit a written application along with the required evidence of insurability satisfactory to the insurance company within 31 days of the effective date of the policy. If the provision allows the insurance company to change *Premium* rates on any date on or after the first *Policy Anniversary*, the provision shall provide that if the insurance company changes *Premium* rates, the insurance company shall give written notice to the *Policyholder* of at least 31 days in advance of such change; and
 - (b) On any other date agreed to by the insurance company and the *Policyholder*.
- (3) The provision shall state that new *Premium* rates will apply only to *Premiums* due on or after the rate change takes effect.

- (d) Vocational evaluation and transferable skills analyses;
- (e) Career counseling and retraining;
- (f) Labor market surveys and job placement services; and /or
- (g) Evaluation of necessary worksite modifications and adaptive or durable medical equipment.

B. REHABILITATION PROVISIONS IN THE CERTIFICATE

- (1) If the certificate includes a *Rehabilitation* provision, the following *Rehabilitation* provisions apply:
- (a) The certificate shall specify which *Rehabilitation* services are offered by or through the insurance company;

If the insurance company requires the *Covered Person* to pay expenses associated with a *Rehabilitation* plan other than ancillary, de minimis expenses such as mileage, internet access or meals, the *Covered Person's* participation in the *Rehabilitation* plan shall be voluntary;
 - (c) The certificate may state that the insurance company may also provide additional inducements to encourage participation in a plan. For example, it may increase the basic benefit payment for the duration during which a *Covered Person* is participating in a *Rehabilitation* plan, or it may agree to continue payments for a time even after a *Covered Person* has recovered if the *Covered Person* has not yet found work;
 - (d) The certificate shall state that nonparticipation in a *Rehabilitation* plan shall not affect the insurance company's determination of whether a *Covered Person* is *Disabled*. However, unless the insurance company requires the *Covered Person* to pay expenses associated with a *Rehabilitation* as described in (b) above, an insurance company may include a provision indicating that failure to participate in a *Rehabilitation* plan, without good cause, may result in the reduction or cessation of the *Covered Person's* right to *Disability* benefits, in a manner specified in the certificate. In the determination of "good cause," the certificate shall state that the insurance company shall consider the opinion of the *Covered Person's* treating *Physician* but reserves the right to make the determination based on the medical opinion of a *Physician* retained by the insurance company. In the case of conflicting opinions, adverse determinations are subject to §6H Procedures for Review of a Denial of a Claim; and

- (e) The certificate may also include a provision stating that vocational services may be offered to *Spouses of Disabled Covered Persons*. If included, the provision shall describe the services offered and the terms and conditions for receiving benefits for such services under the certificate. Subject to the policy terms and conditions, vocational services provided to *Spouses of Disabled Covered Persons* will not impact the *Disability* benefits provided to the *Covered Person*.

§ 6. OPTIONAL PROVISIONS

The Interstate Insurance Product Regulation Commission may approve the following optional provisions if the provisions meet the standards as set forth below. The insurance company may, at its option, use a provision of different wording approved by the Interstate Insurance Product Regulation Commission that is not less favorable in any respect to the *Covered Person*. The insurance company may include in the certificate one or more of these optional provisions.

A. ARBITRATION

- (1) An arbitration provision may be included in the policy or certificate. If included, the provision shall permit only voluntary post-dispute binding arbitration. With respect to such a provision, the following guidelines apply:

 - (b) Arbitration shall be held in the city or county where the *Policyholder* is located or where the *Covered Person* lives;
 - (c) The cost of arbitration shall be paid by the insurance company, to include any deposits or administrative fee required to commence a dispute in arbitration, as well as any other fee including an arbitrator’s fee; and

terms of the policy and certificate for the purpose of administering the terms of the policy and certificate.

D. CONTINUATION OF GROUP *DISABILITY* INCOME INSURANCE

- (1) The policy may allow for continuation of insurance if group *Disability* income insurance would otherwise end, at the option of the insurance company. If continuation is provided, the continuation shall be provided on a uniform basis precluding individual selection. The provisions describing the continuation may be included in the policy but shall be included in the certificate. The provisions may also be added to the policy or the certificate by rider, endorsement or amendment. The provisions shall also specify the *Premium* requirements for continuation.

 - (i) Due to *Injury* or *Sickness* covered under the certificate, up to the period specified in the certificate (such as 12 months);
 - (ii) Due to *Injury* or *Sickness* not covered under the certificate, up to the period specified in the certificate (such as the end of the calendar month following the cessation of *Active Work*);

insurance will end in accordance with the *Date a Covered Person's Insurance Ends* provision.

E. CONVERSION OF GROUP *DISABILITY* INCOME INSURANCE

- (1) The policy may allow for conversion of group *Disability* income insurance that ends under the policy, at the option of the insurance company. If conversion is provided, conversion shall be provided on a uniform basis precluding individual selection. The provisions describing such conversion may be included in the policy but shall be included in the certificate. The provisions may also be added to the policy or the certificate by rider, endorsement or amendment. At the option of the insurance company, the provisions give *Covered Persons* who are eligible either the right to buy an individual policy of *Disability* income insurance from the insurance company, or become covered under another group policy that has been issued by the insurance company specifically for, and limited to, providing *Disability* conversion coverage (“conversion coverage”).
 - (a) The provisions shall specify if conversion coverage will be provided under an individual policy of *Disability* income insurance issued by the insurance company, or if coverage will be provided under another group policy that has been issued by the insurance company specifically for, and limited to, providing *Disability* conversion coverage;
 - (b) The provisions may state that, for maximum benefit amounts less than a specified amount stated in the certificate (such as \$4,000), evidence of insurability satisfactory to the insurance company is not required if a *Covered Person* applies for the conversion coverage and pays the required *Premium* and the insurance company receives such application and *Premium* during the specified conversion period of at least 31 calendar days after the date on which group *Disability* income insurance ends. For a maximum benefit amount equal to or in excess of a specified amount in the certificate (such as \$4,000), evidence of insurability satisfactory to the insurance company may be required;
 - (c) The provisions shall describe the situations which may entitle a *Covered Person* to convert if the *Covered Person's* group *Disability* income insurance ends and the *Covered Person* had been insured under the group *Disability* policy for a period of time specified in the certificate (such as 12 months). The situations may include, but are not limited to, the following:
 - (i) The *Covered Person's* employment ends;
 - (ii) The *Covered Person's* continuation of insurance, if any, ends; or
 - (iii) The *Covered Person's* portability coverage, if any, ends;
 - (d) The provisions shall describe situations which would not entitle a *Covered Person* to convert. The situations may include, but are not limited to, the following:

- (i) The policy ends;
 - (ii) The policy is changed to end *Disability* income insurance for the eligible class to which the *Covered Person* belongs;
 - (iii) The *Covered Person* is *Disabled*;

The insurance company also reserves the right to use an independent consultant to determine the *Covered Person's Disability* during the duration of the waiver of *Premium* benefit;
 - (ii) All required *Premiums* must be paid to keep the certificate and any riders, amendments or endorsements, as applicable, in force until the insurance company approves the claim for the waiver of *Premium* benefit;
 - (iii) In the event of the death of the *Covered Person*, any *Premium* refunds due to the *Covered Person* from the insurance company may, at the option of the insurance company, be paid to any *Beneficiary* designated for loss of life or to the estate of the *Covered Person*; and
 - (iv) The waiver of *Premium* benefit will end if a *Covered Person* fails to provide satisfactory proof of *Disability* when requested; and
 - (c) If *Disability* ends, the waiver of *Premium* benefit will end.

benefit for the *Employee*. However, if the *ADL* deficiency or *Cognitive Impairment* benefit trigger is included in the certificate for *Partial or Residual Disability*, *Presumptive Disability* or *Total Disability* for the *Employee*, an *ADL* deficiency or *Cognitive Impairment* trigger may be included as an *Incidental Benefit* for the *Spouse* of the *Employee*.

Appendix A

Flesch Methodology

The following measuring method shall be used in determining the Flesch score:

- (1) For policy forms containing 10,000 words or less of text, the entire form shall be analyzed. For policy forms containing more than 10,000 words, the readability of two, 200-word samples per page may be analyzed instead of the entire form. The sample shall be separated by at least 20 printed lines.
- (2) The number of words and sentences in the text shall be counted and the total number of words divided by the total number of sentences. The figure obtained shall be multiplied by a factor of 1.015.
- (3) The total number of syllables shall be counted and divided by the total number of words. The figure obtained shall be multiplied by a factor of 84.6.
- (4) The sum of the figures computed under (2) and (3) subtracted from 206.835 equals the Flesch reading ease score for the policy form.
- (5) For purposes of (2), (3), and (4), the following procedures shall be used:
 - (a) A contraction, hyphenated word, or numbers and letters, when separated by spaces, shall be counted as one word;
 - (b) A unit of words ending with a period, semicolon, or colon, but excluding headings and captions, shall be counted as a sentence; and
 - (c) A syllable means a unit of spoken language consisting of one or more letters of a word as divided by an accepted dictionary. Where the dictionary shows two or more equally acceptable pronunciations of a word, the pronunciation containing fewer syllables may be used.
- (6) The term “text” as used in this section shall include all printed matter except the following:
 - (a) The name and address of the insurance company; the name, number or title of the form; the table of contents or index; captions and sub-captions; specifications pages, schedules or tables; and;
 - (b) Any language which is drafted to conform to the requirements of any federal law or regulation; any language required by any collectively bargained agreement; any medical terminology; any words which are defined in the policy or certificate; and any language required by law or regulation; provided, however, the insurance company identifies the language or terminology excepted by the paragraph and certifies, in writing, that the language or terminology is entitled to be excepted by this paragraph.

- (7) At the option of the insurance company, the statement of insurability may be scored as separate form or as part of the certificate with which the statement of insurability may be used.
