REC	RECOMMENDED CLARIFICATION ITEMS						
1.	Additional Standards for Incidental Guaranteed Minimum Death Benefits for Individual Deferred Non-Variable Annuities Scope Section (Cross-Reference to IIPRC Office Report – Clarification Item #1)	IIPRC Office Comments/Observations: The Insurance Compact Office notes that the use of the phrase "adjusted for withdrawals" has caused questions and confusion with filers and suggests substituting "premiums minus withdrawals" for clarity. The Insurance Compact Office suggests that the PSC consider the language offered to add clarity to this provision.	The PSC recommends revising the definition of incidental GMDB: 1. A death benefit less than or equal to the greater of: (a) 125% of the cash value, or (b) (i) The accumulation of premiums less (adjusted for withdrawals), at a specified annualized interest rate of 10%. (ii) The death benefit provided by 1(b)(i) shall not exceed 250% of premiums less (adjusted for withdrawals).				
2.	Group Term Life Insurance Uniform Standards for Accidental Death and Dismemberment	Insurance Compact Office Comments/Observations: The Insurance Compact Office has requested catchall provisions in Uniform Standards be removed as	The PSC recommends this provision be deleted
