**ADDITIONAL STANDARDS FOR MORTALITY TABLE CHANGE STANDARDS**

Effective Date: March 5, 2015

**Scope:** These standards apply to the filing of replacement pages for individual life insurance forms whose sole purpose is to effectuate a change of a mortality table approved by the NAIC for nonforfeiture purposes. If there are any other changes in addition to the mortality table, the entire form must be submitted for approval.

For purposes of these standards, “Form” means previously approved policies, riders, endorsements or amendments with which the replacement pages will be used.

The references to “form” do not preclude Fraternal Benefit Societies from substituting “certificate” in their forms.

**§ 1 ADDITIONAL SUBMISSION REQUIREMENTS**

**A. GENERAL**

The following additional filing submission requirements shall apply:

YES	NA	
		(1) A listing by filing jurisdiction of the replacement pages, the corresponding life insurance form numbers with which they will be used, the corresponding approval date for these forms and any filing identification number.
		(2) A description of the change.
		(3) An actuarial memorandum prepared, dated and signed by the member of the American Academy of Actuaries who provides the information concerning the determination of the nonforfeiture values for the life insurance forms as modified by the replacement pages. This actuarial memorandum should be consistent with the Interstate Insurance Product Regulation Commission product standards for the product or products for which the mortality table change applies and include an updated certification of compliance with minimum nonforfeiture requirements for new issues.
		(4) A certification that the replacement pages will be used for new issues only and that no changes have been made to the form other than those required to comply with the mortality table changes or secondary changes necessitated by the mortality table change.
		(5) A form identification number shall appear at the bottom of the replacement pages in the left hand corner. The form number shall be adequate to distinguish the replacement pages from any others used by the company. The form identification number shall include a prefix of ICCxx (where xx represents the year the replacement pages were submitted for filing).
